Nestled on a quiet street off Avenue Road in South Hill, this high-end, minimalist design statement by Montana Labelle, is an essay on how to live simultaneously informally and luxuriously. 21 Clarendon Ave showcases an eye for fine detail with exquisite moments such as ultra-clean, baseboardless walls, and seamlessly integrated blackened steel fireplace surrounds. Every space has been perfected, offering an elevated experience and is filled with natural light.

The entertainer's playground on the main level features a showcase kitchen connected to the dining and living areas, and a substantial outdoor terrace. The completely above-grade lower level, with heated floors, expands outward through immense panels of glass to a serene and private backyard. Three bedrooms on the upper floor with venetian plaster throughout, all have their own ensuite fitted with custom marble vanities.

Ascend to the pinnacle of design, without the wait. For a full list of features and elements, or the home inspection please contact the listing broker, Shane Carslake.
